Great for work / life balance

Staff Nurse Band 5 (Current Employee) – Swansea, 2 January 2019

"I love working for DNS. I can choose my shifts whenever it fits in with my family and always lots of shifts going. Pay is good and staff are supportive friendly. I was worried about joining as a full time member but after 5 years I've never gone without work and I am able to take my holidays when I want. Despite visiting different wards it's something I got used to and now I don't worry because in general I know most of the staff on each ward anyway. Highly recommended.

RECRUITING NOW!
